## **Fairfax County's Proposal to Increase the Population Density of Reston**

**Wednesday, September 20<sup>th</sup>**

**7 – 9PM**

**Reston Association's Conference Center**

**12001 Sunrise Valley Drive, Reston, VA 20191**

Fairfax County is recommending changes to the Reston Planned Residential Community (PRC) zoning ordinance that would allow:

- an increase in the number of persons per acre in Reston's PRC district from 13 to 16; and
- a significant increase in high-rise multi-family buildings

We will share with you why these changes are being proposed and the impact on our open space, traffic, schools and other public facilities.

We invite you to ask questions, and share your views and concerns.

This informational meeting will prepare all for a community gathering called by Supervisor Hudgins to hear the County's own explanation on **September 25**.

**Let's come together to ensure we can continue to say "Reston *is* a planned community"**

**and NOT "Reston *was* a planned community."**

This forum is hosted by Reston Association with presentations by Reclaim Reston, Reston 20/20 and Reston Citizens Association

We sincerely apologize for the scheduling conflict with Rosh Hashanah.
